700 VISTA

10.5kW

The Esse 700 is true British quality. 100% English hand made, your Esse 700 is perfect for heating up to 110m². Fuel is loaded through a single fire door with our signature Vista arch window offering a superb view of the fire inside. Its majestic stature makes it ideal for a large fireplace, or freestanding in your lounge room.

The ESSE 700 Vista is a multi-fuel stove with a powerful 10.5 kW heat output. It uses a twin position riddling grate makes the ESSE 700 Vista ideal for burning wood. Primary and secondary air controls provide simple yet complete control over the 700 Vista's impressive output.

The 700 Vista boasts the quality engineering and simple maintenance you would expect of ESSE.
